Dale,

This document is a very large electronic file. The fastest way for us to get this document to you would be to copy it to a compact disk and send the cd along. We have initiated the process to complete that task and will get the CD to you as soon as we can. Let me know if questions.

Subject: Missouri Electric Works: Third Five-Year Review Report completed

Brenda, David,

EPA's third Five-Year Review Report for the MEW Superfund site was recently completed, and a copy of this document was mailed to the public library in Cape Girardeau (our local document repository for the site) on July 31. As this document discusses the results of the samples EPA collected earlier this year from both of your properties, I felt it was appropriate to notify you both of this document's availability as soon as possible. Please let me know if you have any difficulty

accessing this document, or if you have any questions on it.

Sincerely,

Daniel R. Gravatt, PG
